## Summer Make-up Tips

If your foundation tends to feel as if it becomes oily during the day, consider using a **loose powder**, as this will help the foundation to set better. We stock Kryolan Professional Makeup and their Derma Colour Fixing Powder is absolutely amazing in preventing oily appearance.

1. Are you struggling with vampire-like eyes (because of smudged eyeliner)? Then try using black or brown **eye shadow** rather than an eyeliner pencil.
2. Try to avoid '**creamy**' products like a cream blusher. Your skin may appear 'sweatier' where these products are applied.
3. Lastly, you can opt for a **waterproof mascara**, which does not smudge during the day.

If you have any questions regarding the products or if you are interested in booking a makeup lesson, please feel free to contact our make-up artist at Posh Lab Dan Pienaar, Sharlien at 051 444 0833.
