All the way from Bloem

These passed few weeks Sharlien Nel, our Image Consultant, personally met up with all the artists for their consultations regarding their personal Image "brand".

These consultations included the following:

- * A Style
- Personality test:
- * Body-shape Analysis and

advised each artist the best way to compliment their body-shape, and also which areas are better to avoid drawing focus to. Next-up was the Professional Photoshoot, where we did all the Hair & Makeup.

Threading Testimonials

"I never liked shaping my eyebrows because tweezing was just too painful and the thought of waxing just freaked me out. My aunt introduced me to threading and I immediately fell in love with my brows and how defined they were. I now thread every month at Posh Lab and I always leave happy and more confident with no pain or redness"

"It's a lot less damaging to my skin and doesn't hurt as much as waxing!! I absolutely LOVE threading and always do my threading at Posh Lab!!"

"I look like I cried for 7 days after I have a wax, and I look like that for 3 days. Threading within one hour the red is gone, no stickiness or pain and it's quick and effortless, also don't need to go as often, regrowth is slower"

"Threading! Addicted since day 1! More accurate and the shape seems somehow better! Though I am sure your technicians have something to do with the awesome quality of work as well"

"Cindy @Poshlabs are absolutely my fav tech ever! Threading is super fast, less painful. No redness afterwards. Brow hairs takes longer to grow out again and its much neater cleaner and precise!! I definitely recomend it above a sticky painfull wax."
